

Fat Chance Thanksgiving

After the fire burned through Carla and Mamas apartment, all Carla had left was her beloved book, A Pilgrim Thanksgiving. Carla read the book over and over. She pretended to be the smiling Pilgrim girl sitting at the feast table, surrounded by family and friends. A year later, when they were finally in a tiny apartment of their own, Carla asked Mama if they could have a Thanksgiving feast. Fat chance, said Mama, who thought there was no room--and no extra money--for a big dinner. But Carla didnt give up. She and Julio, her new neighbor and friend, decided the buildings lobby would be the perfect location for Thanksgiving dinner. And couldnt the residents all pitch in and bring the food?
