

## An Ordinary Toads Extraordinary Night

An Ordinary Toads Extraordinary Night is the story of a young toad named Andrew, pondering whether his life would be more interesting had he been hatched a frog. Andrew embarks on his first solo hop to ask his grandpa some questions about what it means to be an amphibian. The story is blended with factual information that compares and contrasts the similarities and differences among toads and frogs. A young readers curiosity will be piqued as they consider the unique attributes of the individual creatures that make up a species, perhaps sparking the light of conservation in their hearts and minds.
