

Bugs for Lunch/Insectos para el almuerzo

Spanish language edition. Bon appetit! Kudos to Chef Nature for dishing up these tasty morsels. No reader with a discriminating palate will be able to put this delicious menu of appetizing delicacies down. BUGS FOR LUNCH caters to a full array of creatures animal, plant, and human that munch on bugs. From a mantis perched and ready to prey on ladybugs and butterflies, to the honey-drenched fur of a big brown bear munching on a hive full of bees, Sylvia Longs vivid illustrations show close-up details of all sorts of creatures munching on their lunch. These colorful drawings of creatures that live to eat bugs will be your key to discovering a world of insectivores in your own backyard and beyond.
