

Eye Wonder: Bugs

Bugs come in all shapes and sizes, and insects do amazing things now your child can explore the fascinating world of bugs and creepy crawlies with pictures and games through Eye Wonder: Bugs. As you and your child read about insects and explore pictures and activities, you'll meet poisonous spiders, scary scorpions, an insect that looks like a twig, a butterfly that tastes with its feet, and the bugs that are essential to life on Earth. This new addition features fun, bug-related activities your child will love. Visual learners and readers alike will love exploring and learning through Eye Wonder: Bugs. These books are designed to teach through pictures and a visual approach, encouraging curiosity in young, school-age children. We've added games, activities, and quizzes to engage children even more. Eye Wonder: Bugs activities are designed to teach kids to both remember more of what they've learned, and learn to research when they want to know more, teaching general study skills as well as bug-specific knowledge. Learn about science, history, and the natural world through beautiful photography and lively, age-appropriate text. The Eye Wonder series organizes bug and insect information in a way that's easy to search, easy to read, and easy to learn.
