

## The Bully Cat

The Bully Cat, written by best-selling author Nadia Sahari, tells how one cat bullies other cats and what happens to the bully cat for being just plain mean. Two children, Maia and Raiden, discover ten stray cats in their yard. The children have fun naming the cats. They love animals but are alarmed when the bully cat comes. The bully cat eats all the food and fights with other cats. What to do? The family finds a creative solution. Children learn about bullying and what they need to do if they are being bullied. No secrets. Beautifully illustrated by artist Olga Rudnitsky and fun to read for all ages.
