

Just Princesses

Everything is perfect in the fairy tale kingdom of Stardust ... until the newly crowned (and a wee bit evil) Queen Malinda, has a birthday. Insecure and angry that she is aging, Queen Malinda casts a spell meant to rid the kingdom of children- including her own daughter, Evaline, and stepdaughter, Princess Katrina and capture their eternal youth. But when the spell badly backfires, all the adults in the land vanish. It is up to Princess Katrina and her new friends to try to break the evil spell and get things back to normal. That is, unless Evaline, who is more than happy to be in charge for once, has anything to say about it. Will the princesses and band of friends succeed on their quest, or will the adults be lost forever?
