

## The Quest for Robert Louis Stevenson

A puzzle to his friends and family in his lifetime, RLS still remains something of an enigma, even to Stevenson enthusiasts. Years of restless wandering led him to tropical Samoa, where he found not only well-being, but a release of the passionate potential that had been in him from his chilly beginnings in Edinburgh. This virtual paradise, however, was marred by the eccentric behaviour of his wife, Fanny Osbourne. In this book, John Cairney explores their relationship and other fascinating aspects of Stevensons life.
