

## The Duck That Stayed Behind

How can a duck and two dogs teach boys and girls a valuable lesson in life? The Duck That Stayed Behind is a story of a duck that is left behind by his siblings, his adopted family moves, and then shares his home with a new family. This book was written by Becky Hill, who was told of this special duck from her children and is based on a true life story. This duck will show children that sometimes families do not always look alike and teaches you not to give up on your goals. The Duck That Stayed Behind will bring sadness, laughter, and most importantly hope to its readers.
